By endorsing the Charter and Code, IDIBGI recognizes the importance of all the underlying principles and will endeavour to implement them in its Human Resources policy and management with the aim of guarantying transparency, accessibility and equity for the recruitment of researchers.

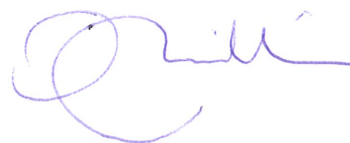

IDIBGI is fully in line with the efforts of the European Commission directed towards making the careers of researchers more attractive and transparent, and to fostering international cooperation in research and mobility of reseachers.

By adhering to the Charter and Code, IDIBGI both contributes to creating an adequate framework for the researchers and to the building of the European Research Area.
