European Commission

Seekirchen, 05.09.2013

The Private University Seeburg Castle undersigns the Commission Recommendation on the European Charta for Researchers and the Code of Conduct for the Recruitment of Researchers

The Private University Seeburg Castle, represented by Rector Prof. Dr. Dr. Christian Werner, welcomes and entirely supports the initiative of the European Commission concerning the European Charta for Researchers and the Code of Conduct for the Recruitment of Researchers.

Most of the general principles proposed in the Charter and the Code of Conduct are already common practice at the Private University Seeburg Castle. In addition, further initiatives are underway to fully implement the European Commission's recommendations. Improving the working and research conditions for scientists by complying with the European Charta for Researchers and the Code of Conduct for the Recruitment of Researchers has been declared a primary goal of the university's further development.
